## June 2017 Vote Sheet

### Executive Committee

1. Support for return of full Stop Work Order at Rivington House

**VOTE: TITLE: Community Board 3 supports return of full Stop Work Order at Rivington House**

**WHEREAS**, Community Board 3 continues to be a leader for the community to support the retention of skilled nursing home beds at Rivington House, located at 45 Rivington Street, since the closing of VillageCare in 2014; and

**WHEREAS**, CB 3 continues to believe the retention of nursing home beds at Rivington House is vital to the CB 3 community because of the loss of 355 beds at local nursing facilities in the last several years, serving the most vulnerable people who require skilled nursing care and did this while allowing them to remain in their community with family and friends to provide support necessary for health and well-being; and

**WHEREAS**, CB 3 continues to be resolute in its belief that Rivington House must return to its use as community facility, and continue to serve our community as a nursing home for our low and moderate income residents who are most in need; and

**WHEREAS**, CB 3 agrees with our elected officials that "the circumstances surrounding the removal of the deed restrictions remain unacceptable and our offices have clearly shown a high level of concern with any kind of activity inside and outside Rivington House without prior notification," and

**WHEREAS**, there is an ongoing active investigation by the Attorney General regarding the questionable circumstances of the closure of Rivington House, and

**WHEREAS**, in April 2016 CB 3 resolved that the stop work order for 45 Rivington remain in effect until all investigations regarding these transactions are complete, and

**WHEREAS**, The Department of Buildings, without any timely notice to the community, Community Board, or elected officials changed the Stop Work Order to a Partial Stop Work order to allow:

STRUCTURAL PROBES; REMOVAL OF SELECTIVE AREAS OF FLOORING, WALLS & CEILING FINISHES PROPOSED IN SEVERAL AREAS OF THE EXISTING BUILDING IN ORDER TO EXPOSE EXISTING STRUCTURAL AND MASONRY ELEMENTS IN THE BUILDING FOR FUTURE RENOVATIONS, AS PER ACCOMPANYING PLANS. NO CHANGE TO USE, EGRESS OR OCCUPANCY  
POST APPROVAL AMENDMENT FOR DOC 01  
Last Action: PLAN EXAM-APPROVED 06/06/2017 (P)  
Application approved on: 05/16/2017, and

**WHEREAS**, CB 3 along with the community believes this partial SWO "may result in permanent damage to the property as well as foreclose options that may yet result from outstanding investigations," so

**THEREFORE BE IT RESOLVED**, that CB 3 joins with its elected officials to call for a meeting to discuss the circumstances around which the SWO was rescinded and work together to develop methods to ensure that our offices and the community are kept more effectively updated regarding the developments at Rivington House, and also

**THEREFORE BE IT FURTHER RESOLVED**, that CB 3 calls for the full Stop Work Order to be immediately reinstated to prevent further damage and dismantling of the building.

**VOTE: TITLE: Community Board 3 Recommendation To Deny**

**WHEREAS,** a corporation to be determined, with principals Eric Kravant, Jaime Felber and Darin Rubell, has applied for a full on-premises liquor license for the premises located at 109 Ludlow Street, between Rivington Street and Delancey Street, New York, New York; and

**WHEREAS,** this applicant is proposing to operate a Mexican restaurant and tavern with a certificate of occupancy of two hundred twenty (220) people with seventy-five (75) people on the ground floor, one hundred (100) people in the cellar and forty-five (45) people in the sub-cellar, five (5) tables and twenty-nine (29) seats on the ground floor and eighteen (18) tables and one hundred twenty-seven (127) seats on the cellar levels, a twenty-four (24) foot bar with twelve (12) stools on the ground floor and fourteen (14) foot and twelve (12) foot bars on each of the lower levels, both without stools, hours of operation of 5:00 P.M. to 2:00 A.M. Sundays through Thursdays and 5:00 P.M. to 4:00 A.M. Fridays and Saturdays, a kitchen

serving food during all hours of operation, DJs and recorded music at background levels, security and happy hours, and

**WHEREAS**, the applicant has stated that it is purchasing the assets of the existing business with a full on-premises liquor license; and

**WHEREAS**, the prior applicant was originally denied a full on-premises liquor license by Community Board 3 in February of 2009, unless it agreed to make as conditions of its license stipulations that it would 1) operate as a tacqueria and bar, serving food during all hours of operation, 2) install soundproofing, 3) have hours of operation of 12:00 P.M. to 4:00 A.M. all days, 4) have a closed façade, 5) have a staff person outside to control patron crowds and noise, 6) have a doorman or security, as needed, and 7) have DJs in the lowest basement level only; and

**WHEREAS**, the existing licensee was then issued a full on-premises liquor license by the SLA on July 29, 2010; and

**WHEREAS**, the existing licensee was then approved by Community Board 3 in February of 2012, for an alteration to change the service bars in its cellar and sub-cellar levels to stand up bars; and

**WHEREAS**, at the time of its alteration hearing in February of 2012, the prior applicant was operating under a stipulation of settlement for a nuisance abatement from 2011, for illegal extension of its premise, exceeding maximum occupancy, unlicensed cabaret and security and sales to minors and failed to inform Community Board 3 that it was seeking its alteration to legalize conduct which was the subject of violations before the SLA; and

**WHEREAS**, in a May of 2015 community board hearing for a new full on-premises liquor license, the existing licensee conceded that it had applied for this alteration to legalize an illegal condition without notifying Community Board 3 that it was seeking to legalize an illegal condition; and

**WHEREAS**, the existing licensee was present for the community board hearing of this application; and

**WHEREAS**, per the applicant, there are thirty-two (32) full on-premises liquor licenses within five hundred (500) feet of this location; and

**WHEREAS**, the public benefit proffered by the applicant was its experience as a restaurant and bar owner within this community board district; and

**WHEREAS**, although this applicant is an experienced business owner with experience operating licensed businesses in Community Board 3, including two existing businesses both with full on-premises liquor licenses, and furnished seventy-seven (77) signatures and twelve (12) letters in support of its application, a substantial portion of which were from area residents, Community Board 3 would only approve this application with stipulations

decreasing its hours of operation and memorializing its method of operation as a full-service restaurant; and

**WHEREAS**, this applicant will not sign the proposed stipulations; now

**THEREFORE, BE IT RESOLVED** that Community Board 3 moves to deny the application for a full on-premises liquor license for a corporation to be determined, with principals Eric Kravant, Jaime Felber and Darin Rubell, for the premises located at 109 Ludlow Street, between Rivington Street and Delancey Street, because the applicant will not agree to make as conditions of its license the following stipulations that

**WHEREAS**, the existing licensee was then heard and approved in November of 2010 to alter the stipulation to permit a door person at the door from 8:00 P.M. to closing; and

**WHEREAS**, the existing licensee was present for the community board hearing of this application but began yelling at the chair of the committee presiding over the hearing, was informed by the chair that he would no longer be recognized to speak and walked out before the hearing of this application was completed; and

7. Fat Baby, 112 Rivington St btwn Ludlow & Essex Sts (op)

**VOTE: TITLE: Community Board 3 Recommendation To Deny**

**WHEREAS**, a corporation to be determined, with principals Eric Kravant, Jaime Felber and Darin Rubell, is seeking a full on-premises liquor license to operate a cocktail bar tavern at the premises located at 112 Rivington Street, between Ludlow Street and Essex Street, New York, New York; and

**WHEREAS**, this is an application for a "cocktail bar," with a certificate of occupancy of two hundred seventy-two (272) people, fifteen (15) tables and thirty-one (31) seats on the ground floor and five (5) tables and forty-one (41) seats in the basement, a twenty (20) foot bar with ten (10) stools on the ground floor and a ten (10) foot bar with ten (10) stools in the basement, hours of operation of 5:00 P.M. to 2:00 A.M. Sundays through Thursdays and 5:00 P.M. to 4:00 A.M. Fridays and Saturdays, a prep area serving food during all hours of operation, live and recorded music and DJs at entertainment levels, security three (3) private parties per week, security and happy hours; and

**WHEREAS**, per the applicant, there are thirty-six (36) full on-premises liquor licenses within five hundred (500) feet of this location; and

**WHEREAS**, the applicant provided no public benefit for the approval of a full on-premises liquor license for a cocktail bar tavern with DJs and live and recorded music at entertainment levels in an area with so many licensed businesses, many of which are late night venues which advertise as cocktail bars and taverns; and

**WHEREAS**, the applicant for the existing business was scheduled to be heard by Community Board 3 for its original full on-premises liquor license application in February of 2005, and was denied because it failed to appear and was then denied by Community Board 3 to add a stand up bar to its business in September of 2005 because it had not yet opened; and

**WHEREAS**, the existing licensee was originally issued a full on-premises liquor license by the SLA on October 19, 2005; and

**WHEREAS**, the original method of operation of the existing licensee according to its application filed with the SLA is as a lounge with food service and DJs but no live music, scheduled performances, events with cover fees or dancing; and

**WHEREAS**, Community Board 3 then asked the SLA in October of 2015 to deny the renewal of or revoke the full on-premises liquor license for the existing licensee or enforce its approved method of operation because the business 1) had not operating consistent with that method of operation, in that the licensee had been hosting scheduled performances, dancing without a cabaret license, events with ticket sales and cover fees and had not been serving food, 2) had been illegally using a mezzanine and exceeding its maximum occupancy, 3) had an emergency egress which illegally and unsafely led into the hallway of the residential portion of 112 Rivington Street and where the existing licensee ejected unruly drunk patrons who would then pass out, fight and or vomit in the residential hallways, 4) had blocked access to the building water boiler which had resulted in an inability of the landlord to access the boiler for repairs without the licensee, thereby resulting in a loss of hot water for residential tenants because the licensee had not been responsive when the boiler needed repairs, 5) had commandeered use of the residential garbage area for its own use, and 6) had received numerous complaints of late night noise from live performances, patrons on the sidewalk and an air horn from residents of surrounding buildings; and

**WHEREAS**, a representative of the 112 Rivington Street Condominium Board, as well as building residents, appeared and submitted statements that 1) the existing licensee continues to use the common doorway between its business and the residential hallway of the building as an egress to eject unruly drunk patrons into the residential hallway, where they pass out, fight and vomit, thereby creating unsafe and unsanitary conditions for residents of the building, 3) the existing licensee continues to block access to the building water boiler which has resulted in an inability of the landlord to access the boiler for repairs without the licensee, thereby resulting in a loss of hot water for residential tenants because the licensee has not been responsive when the boiler has needed repairs, and 4) the existing licensee continues to use the residential garbage area for its own use, although it is required by law to maintain its trash within its business to within one (1) hour of pickup by a commercial carter; and

**WHEREAS**, the LES Dwellers, a local residents organization, submitted a letter in opposition to this application, as well as a recent study of the area, and appeared in opposition to this application, stating that the area around this location has the greatest density of liquor licenses in the city, crime has increased exponentially, that the present operator should not be rewarded with a sale of assets of its existing bad business and that, in addition to the increased crime, conditions in the area have otherwise deteriorated, in that there is also late night horn honking, noise and bass from music from all of the businesses, sidewalks crowded with patrons, delivery service trucks blocking the street and bicycle lanes, vehicles failing to yield to pedestrians, public urination, increased garbage and rats and an increase in people harassing women on the street; and

**WHEREAS**, consistent with the complaints against it, the existing licensee still has open Environmental Control Board violations from 2009 and 2013, for exceeding maximum occupancy, illegal cabaret and stage, as well as an improper emergency exit, that being the door that leads into the residential hallway of 112 Rivington Street; and

**WHEREAS**, the existing licensee has entered into a no contest plea before the SLA on May 4, 2007, for improper conduct and an unauthorized bar on December 4, 2005, a no contest plea on April 10, 2010, for failure to conform and unauthorized trade name on January 17, 2009, a no contest plea on August 14, 2009, for unlicensed cabaret on January 17, 2009, a no contest plea on March 28, 2012, for failure to supervise on June 26, 2011, and a no contest plea on May 17, 2013, for exceeding maximum occupancy and a sale to a minor; and

**WHEREAS**, the business has received twenty-five (25) 311 commercial noise complaints in the past three (3) years, thirteen (13) of which have required a police response to correct; and

**WHEREAS**, the existing licensee was present for the community board hearing of this application as well as two other applications for two additional businesses but began yelling at the chair of the committee presiding over the hearing before this application was heard, was informed by the chair that he would no longer be recognized to speak and walked out before this application was heard; and

**WHEREAS**, notwithstanding that the applicant has experience operating licensed businesses in Community Board 3 and submitted thirteen (13) letters and seventy-eight (78) signatures from area residents in support of its application, given the history of violations, operation inconsistent from its approved method of operation, noise complaints, unsafe and illegal conduct of the existing business, deteriorating conditions of this area and lack of public benefit in opening what would be essentially the same method of operation in an area with the greatest density of liquor licenses, now

**THEREFORE BE IT RESOLVED** that Community Board 3 moves to deny the application for a full on-premises liquor license for a corporation to be determined, with principals Eric Kravant, Jaime Felber and Darin Rubell, for the premises located at 112 Rivington Street, between Ludlow Street and Essex Street, New York, New York.

8. Stackleather LLC, 42 Ave B btwn E 3rd & E 4th Sts (upgrade to op)

**WHEREAS**, the wine beer license for this applicant was issued by the SLA on December 6, 2016; and

**WHEREAS**, prior to the issuance of the wine beer license to this applicant, this was a location that had not been previously licensed; and

**WHEREAS**, there are fourteen (14) full on-premises liquor licenses and one (1) pending full on-premises liquor license within five hundred (500) feet of this location; and

**WHEREAS**, notwithstanding that the applicant furnished one hundred ninety-six (196) petition signatures, eighty-three (83) of which were from area residents, the applicant has not offered any public benefit for the approval of a full on-premises liquor license for its business, in that the applicant stated that, although it has only been operating since November of 2016, it is a community participant and wants to be able to serve alcoholic drinks to its customers at brunch; and

**WHEREAS**, the applicant is also proposing substantial alterations which are not part of its notice, in that it is proposing to convert the first floor event space into a bar waiting area to move patrons off the sidewalk more efficiently, recreate the primary entrance of the venue by constructing a vestibule and two entrance doors at street level, add a freight elevator inside one of two new entrances to move music equipment and performers off the street more quickly and change the certificate of occupancy; and

**WHEREAS**, although East 11th Street between Third Avenue and Fourth Avenue is commercially zoned, it is a narrow side street comprised of a mix of commercial buildings and residential buildings; and

**WHEREAS**, since the opening of Webster Hall on October 2, 1992, community residents, the community board and local police have worked with the present operators to address the overwhelming crowds, lines and noise attendant to a venue of this size and scale on a small side street shared with residents and without the street or sidewalk size to adequately absorb its patrons; and

**WHEREAS**, as evidence of these conditions, the existing licensee was heard by Community Board #3 for complaints of noise and traffic congestion in May of 2004, and for a renewal with complaints of noise in December of 2010; and

**WHEREAS**, as further evidence of these conditions, the existing licensee entered a conditional no contest plea on February 17, 2006, for sale to a minor on December 5, 2004, and unauthorized additional bar on June 15, 2003 and November 22, 2003, and unauthorized alterations on June 15, 2003, sustained charges on December 28, 2007, for failure to comply on March 4, 2006, entered a conditional no contest plea on April 17, 2009, for failure to supervise and noise on December 20, 2007, entered a conditional no contest plea on December 4, 2009, for unlicensed security on November 1, 2008, sustained charges on October 8, 2010, for disorderly premises lewd and indecent on July 23, 2009, and sustained charges on March 26, 2012, for disorderly premises controlled substances on March 10, 2010 and January 8, 2011; and

**WHEREAS**, residents of the surrounding streets submitted thirty-five (35) letters and representatives of the East 10th Street Block Association, East 11th Street Block Association and East Village Residents Association appeared, expressing concern that 1) events and performances would increase in size and scale with the proposed business, 2) the maximum occupancy of this location not increase, 3) there be no live combat sports as proposed as part of the method of operation, 4) that there be additional soundproofing, 5) that security be stationed all along East 11th Street, and 6) that event endings be staggered if there is more than one event per night; and

**WHEREAS**, the applicant has stated that its proposed certificate of occupancy would be less than the certificate of occupancy of the current business and that it does not intend to host more than one (1) event at a time and it provided a security plan from a licensed security company which included a plan to have security guards dressed in distinctive attire outside the venue, patrolling East 11th Street, between Third and Fourth Avenues, and along Third Avenue and Fourth Avenue, before, during and after events with some then deployed within the building during events and to have bicycle racks used to cordon off patrons on the north side of East 11th Street and provide a clear sidewalk; and

**WHEREAS**, there are sixteen (16) full on-premises liquor licenses and one (1) pending full on-premises liquor licenses within five hundred (500) feet of this location; and

**WHEREAS**, notwithstanding the experience of the applicant in operating large scale entertainment venues, Community Board #3 has concerns that the approval of this application would have an increased impact on East 11th Street, between Third Avenue and Fourth Avenue, and the surrounding area, in that the size and scale of the events would increase; and

- 6) it will have a closed fixed facade with no open doors or windows, other than the opening of the entrance and exit doors to admit and eject customers, performers and equipment,
- 7) it will maintain the existing façade of the building, other than the proposed alteration to the existing entrance to create two entrance doors at ground level,
- 8) it may have DJs, live music and recorded music at entertainment levels, as well as promoted events, events at which cover fees are charged and scheduled performances,
- 9) it will employ at least eighteen (18) to twenty (20) security personnel from a licensed, experienced security firm before, during and at least thirty (30) minutes after events or the close of the venue, whichever is later, consistent with the appended security plan, who will be stationed along East 11th Street, between Third Avenue and Fourth Avenue, as well as on Third Avenue and Fourth Avenue, to monitor crowds, noise and vehicular and pedestrian traffic, and insure that patrons are entering and exiting the street in an orderly manner, and who will be stationed within the building before, during and after events to monitor patrons and man the security check-in on the first floor to move patrons into the venue more quickly and efficiently and where patrons will be searched and scanned,

- 17) it will conspicuously post this stipulation form beside its liquor license inside of its business and will post signs on its façade asking its patrons to leave the premises quietly, and
- 18) it will provide a telephone number for residents to call with complaints and immediately address any resident complaints.

**WHEREAS**, Shake Shack Astor Place LLC is seeking a wine beer license to operate a burger restaurant in the premises located at 51 Astor Place, between Saint Marks Place and East 9th Street; and

**WHEREAS**, Community Board 3 was concerned about granting a wine beer license to this applicant given that this applicant was 1) anticipating having outside wait lines of customers which it had agreed with the landlord of 51 Astor Place would extend north along Third Avenue and west onto the predominantly residual East 9th Street, between Third Avenue and Fourth Avenue, and 2) planning to direct its venting system toward 115 East 9th Street, the only residential building near this location; and

**WHEREAS**, this location was previously an unlicensed location; and

**WHEREAS**, a representative from 115 East 9th Street appeared and submitted one hundred two (102) letters from nearby residents most of which live at 115 East 9th Street, all of which expressed their concern that the applicant and the building owner had decided without community input to direct wait lines onto East 9th Street, between Third Avenue and Fourth Avenue, and the venting system for this business directly at 115 East 9th Street; and

**WHEREAS**, given these concerns, Community Board 3 will only approve this application provided that the applicant agree that any wait lines will not extend beyond Third Avenue, which has a sufficiently wide sidewalk to accommodate waiting customers, and provided that the applicant investigate redirecting its venting system onto Third Avenue, which is a four (4) lane avenue with no nearby residential buildings, and the applicant has stated that it will agree to both of these conditions; now

**THEREFORE, BE IT RESOLVED** that Community Board 3 moves to deny the application for a wine beer license for Shake Shack Astor Place LLC, for the premises located at 51 Astor Place, between Saint Marks Place and East 9th Street, unless the applicant agrees before the SLA to make as conditions of its license the following signed notarized stipulations that

- 11) it will designate an employee to oversee patrons and noise on the sidewalk,
- 12) it will not have any wait lines that extend beyond Third Avenue, specifically onto East 9th Street, between Third Avenue and Fourth Avenue,
- 13) it will conspicuously post this stipulation form beside its liquor license inside of its business, and
- 14) it will provide a telephone number for residents to call with complaints and immediately address any resident complaints.

**WHEREAS,** Ginger and Lemongrass II LLC is seeking a full on-premises license to operate a Vietnamese restaurant in the premises located at 153 Rivington Street, between Suffolk Street and Clinton Street; and

**WHEREAS,** Community Board 3 was concerned about granting a full on-premises license to this applicant given that 1) this applicant has no experience operating a business with a liquor license and has operated a much smaller version of this proposed business for two years with no liquor license in Queens, New York, 2) there are at least twenty (20) full on-premises liquor licenses within five hundred (500) feet of this location, 3) although this location previously housed a restaurant with a full on-premises liquor license, that business closed in 2015, this location has been unoccupied since that time and this applicant is applying for a new liquor license at this location, 4) the applicant furnished an inadequate public benefit in the approval of a liquor license for this location, in that it stated that its opening of a bona fide restaurant with early closing hours would be a public benefit, and 5) the Suffolk Street Block Association, the LES Dwellers, a local residents organization, and a neighboring resident submitted statements in opposition to this application given the number of liquor licenses in the area, the pedestrian and traffic congestion and crime in the area attendant to the existing businesses and the lack of experience of the applicant in operating a licensed business; and

**WHEREAS,** given these concerns, Community Board 3 will only approve a wine beer license for this applicant and the applicant has now agreed to apply for a wine beer license; now

**WHEREAS**, Rabbi Greenbaum told the assembled meeting that he is committed to preserve as much as can be preserved safely; so

**WHEREAS**, Local members & congregants of the synagogue agree with Rabbi Greenbaum to preserve for the community as much as can b preserved;

**THEREFORE BE IT RESOLVED**, CB 3 approves the application for demolition, but urges the Landmarks Preservation Commission, Department of Buildings, the Chinese American Planning Council, and the Synagogue to work together with the structural engineers to determine which elements of the Synagogue can be retained safely and that those elements be incorporated into any new building on the lot.

2. Certificate of Appropriateness, 104 E 10 St: construct a partial 2-level rooftop addition, set back 14 feet at the first level and 18 feet at the second level

**VOTE: TITLE: Denial of Certificate of Appropriateness, 104 E 10 St: construct a partial 2-level rooftop addition, set back 14 feet at the first level and 18 feet at the second level**

**WHEREAS**, the building at 104 East 10th Street (Block 465, Lot 109) is one of two buildings in the St. Mark's Historic District Extension designated in 1984 (the other being 102 East 10th Street); and

**WHEREAS**, at the time of designation, the Landmarks Preservation Commission (LPC) noted that the two three-story dwellings document the neighborhood's evolving architectural form; and

**WHEREAS**, the lot lines for the two dwellings comprising a single lot (Block 465, Lot 9) were established in 1836 by Peter Gerard Stuyvesant and his sister Elizabeth Stuyvesant Fish; and

**WHEREAS**, by 1851 the lot held two buildings, 102 East 10th Street being the oldest on the block; and

**WHEREAS**, 104 East 10th Street was constructed in 1879, continuing the brick facades, raised basements, steep stoops and uniform fenestration patterns of the adjacent buildings, essentially repeating the proportions of 102 East 10th Street; and

**WHEREAS**, the façade of the building consisted of eight windows with simple brownstone sills and lintels with projecting molding and finished by a galvanized iron cornice which matched that of 102; and

**WHEREAS**, the building has been unoccupied and in derelict condition for many years; and

**WHEREAS**, the residents of the St. Mark's Historic District, neighbors of the house, have worked for years to maintain the District's sense of place; and

**WHEREAS**, the proposed two-story addition plus roof deck would be readily visible from neighbors' vantage points, as well as from E 10th Street directly across the street; and

**WHEREAS**, the proposed addition is contextually out of character with the surrounding historic buildings; and

**WHEREAS**, approval of this application would set a dangerous precedent for the Historic District, diluting its harmonious scale and distinctive character; and

**WHEREAS**, community members spoke strongly in opposition to a rooftop addition to this historic structure; and

**WHEREAS**, the real estate climate bears out the fact that the investor can realize a significant return on this three-story house without the proposed rooftop addition; so

**THEREFORE BE IT RESOLVED**, CB 3 deems the proposed rooftop addition plus roof deck inappropriate and therefore declines to approve the Certificate of Appropriateness application for a rooftop addition at 104 East 10th Street; and

**THEREFORE BE IT FURTHER RESOLVED**, CB 3 regrets that a second application for façade restoration is being handled at LPC staff level and that the community will not have an opportunity to comment on what would appear to be significant work on the windows, window surrounds, lintels, and façade of the derelict building.

3. Certificate of Appropriateness, 32 2nd Ave: vertical (1 story + penthouse) and horizontal (over existing alleyway) enlargement of the existing 3-story Anthology Film Archives

**VOTE: TITLE: Approval of Certificate of Appropriateness application for 32 2nd Avenue: vertical (1 story + penthouse) and horizontal (over existing alleyway) enlargement of the existing 3-story Anthology Film Archives**

**WHEREAS**, 32 Second Avenue (Block 443, Lot 8), formerly the Manhattan Third District Magistrate's Courthouse, now the Anthology Film Archives is within the East Village/Lower East Side Historic District; and

**WHEREAS**, the building, whose architect was Alfred Hopkins, was constructed in 1919; and

**WHEREAS**, the significant architectural features of the three-story building as described in the Historic District Designation Report are heavy round-arched entrance and window openings with brick and terra-cotta enframements; bollards with eagle bas-relief beside main entrance; corbelled brick and terra-cotta beltcourse; brick and terra-cotta cornice; and some historic wood windows; and

**WHEREAS**, the application is to add a rooftop addition to include a 4th story library and a fifth story penthouse and rooftop terrace, as well as horizontal enlargement, all of which would be fully visible from all sides; and

**WHEREAS**, Anthology Film Archives has since 1970 been a sensitive steward of its 1919 building, housing an important cultural institution not only in the CB 3 District but in the City of New York and beyond; and

**WHEREAS**, the proposed additions to the building will accommodate the needs of the community including a state-of-the art library, café open to the public, and a penthouse and rooftop exterior space; as well as an elevator and new fully accessible toilets; and

**WHEREAS**, those amenities will be accommodated by a 4th floor addition and rooftop in a clearly contemporary design as well as innovative horizontal additions; and

**WHEREAS**, the fourth floor would house a library that would enable the collection of priceless materials presently in boxes to be kept in a modern, climate-controlled environment and would also make these materials more readily accessible to scholars; and

**WHEREAS**, an unused alleyway will be replaced by an addition with a new entrance on Second Avenue, leading to the new café and elevator; and

**WHEREAS**, the penthouse and bulkhead have been placed toward the rear of the building to minimize their visibility; so

**THEREFORE BE IT RESOLVED**, CB 3 approves the application for a Certificate of Appropriateness to add a vertical (1 story + penthouse) and horizontal (over existing alleyway) enlargement of the existing 3-story Anthology Film Archives.

**VOTE: TITLE: Support for Application C160207 PQM property acquisition at 180 Suffolk Street for continued use as a child care center for Escuela Hispana Montessori 2**

**WHEREAS**, the building at 180 Suffolk Street is privately owned, but has been leased by the City in continual use as a childcare center since 1973; and

**WHEREAS**, an acquisition ULURP application was filed on December 30, 1991, certified on June 8, 1992, and approved by City Planning Commission in October 1992; and

**WHEREAS**, Escuela Hispana Montessori 2 has the capacity to serve up to 174 children ages 2 to 5 years old under a license from the NYC Department of Health; and

**WHEREAS**, the center is licensed and subject to the established standards of the Administration for Children's Services (ACS) as well as Federal, State, and City regulations; and

**WHEREAS**, this application submitted by the Administration for Children's Services and the Department of Citywide Administrative Services includes a 10-year lease renewal for continued use as a child care center; so

**THEREFORE BE IT RESOLVED**, that Community Board 3 Manhattan recommends this application be approved only for use as a child care center, to allow Escuela Hispana Montessori 2's continued operation; and

**THEREFORE BE IT FURTHER RESOLVED**, that CB 3 urges the City, DCAS, and ACS to explore any and all ways to preserve this vital affordable child care, including but not limited to either a longer lease or outright purchase of property.

5. BSA 2017-152-BZ, 104 E 10 St: variance to enlarge the existing building to add a two-story vertical

addition set back from the street wall

**VOTE: TITLE: Denial of BSA 2017-152-BZ, 104 East 10th Street variance to enlarge the existing building to add a two-story vertical addition set back from the street wall**

**WHEREAS**, a proposed two-story addition to the building at 104 E 10th Street was denied by the Department of Buildings because it would create a non-complying rear yard; and

**WHEREAS**, a 10-foot rear yard is required, while the site contains a non-complying rear yard in the eastern portion of the lot with the deepest point being at 8'3 " and the shallowest point at 2 feet; and

**WHEREAS**, it is proposed to construct a new fourth and fifth floor set back from the front wall containing 421 and 341 square feet respectively; and

**WHEREAS**, the applicant states that the site suffers from certain unique physical conditions because of its shallow lot depth and irregular lot depth; and

**WHEREAS**, the applicant states that the site is significantly under-built for the R8A zoning district in which it is located with an FAR of 3.32; and

**WHEREAS**, the applicant states that there is no possibility of development of the lot in strict conformity with the provisions of the zoning resolution and that he cannot achieve a reasonable return without a variance, while providing no financial information about the comparative costs of an as-of-right development; and

**WHEREAS**, the applicant is not a single building owner or small developer with significant financial burdens, but rather an international real estate firm; and

**WHEREAS**, the applicant states that the requested variance would not alter the essential character of the neighborhood in which it is located, even though the site is located within the St. Mark's Historic District (designated in 1984) and the building with its two-story addition would be out of character with the remainder of the district; and

**WHEREAS**, it is the experience of the committee that a terrace plus rooftop addition brings additional noise which would also negatively alter the essential character of this neighborhood; and

**WHEREAS**, it is unclear if the as-of-right condition shown is truly as-of-right; and

**WHEREAS**, the applicant states that the practical difficulties and hardship affecting the premises have not been created by the owner, despite the fact that he purchased it in 2015, with the knowledge that it was within a Historic District and that the yard was already non-compliant; and

**WHEREAS**, with no financial information provided in the application, and given financial information available to the public, the committee is skeptical that the applicant cannot achieve a reasonable return; so

**THEREFORE BE IT RESOLVED**, the application for a variance is denied because the applicant has not made a convincing case that the requested variance is the minimum required for a reasonable rate of return.

3. Proposal for redesign of mixed-use intersections for bicycles and other vehicles (click for info)

**VOTE: TITLE: Resolution in Support of Redesigning Mixed-use Intersections to Make Them Safer for Cyclists and Pedestrians**

**WHEREAS**, in numerous physically protected bike lane designs throughout Manhattan Community Board 3, including those on First Avenue and Second Avenue, "mixing zones " accommodate left-turning motor vehicle traffic by allowing motor vehicles to merge to the left into the space occupied by cyclists prior to making their turn; and

**WHEREAS**, requiring cyclists and turning drivers to negotiate the same space at the same time is dangerous because (1) it is often not clear who has the right of way, and (2) motorists often are not aware of or cannot see cyclists to the left of their intended turning path, because cyclists may be in the driver's blind spot, the driver's attention may be focused on pedestrians in the crosswalk they are traversing, or the driver is otherwise focused on making the turn; and

**WHEREAS**, in the absence of infrastructure, such as flexible bollards, to slow down motorists and keep them out of the bike lane, drivers often angle their vehicles towards the curb to expedite the speed of their left turn, which further endangers cyclists as well as pedestrians in the crosswalk; and

**WHEREAS**, many cyclists and pedestrians have expressed concerns about the safety of existing mixing zone designs to CB 3; and

**WHEREAS**, when developing, implementing, evaluating, and adjusting street designs, CB 3 believes no consideration should be given greater weight than protecting individual health and safety; and

**WHEREAS**, DOT stated at the June 2016 meeting of the Community Board 3 Transportation, Public Safety, and Environment Committee that it will be evaluating the existing design for mixing zones and whether safety enhancements are possible; so

**THEREFORE BE IT RESOLVED**, that Community Board 3 requests the New York City Department of Transportation change the design of intersections with mixing zones so as to address the aforementioned safety concerns. Ideally, the mixing zones would be eliminated and cyclists and turning drivers would be physically separated, with each given their own dedicated signal so that conflicts between the two users are impossible. If physical separation is deemed impossible, DOT should install infrastructure changes that encourage vehicles to keep the greatest possible distance from cyclists, thereby making drivers more aware that they may encounter bicycle traffic to their left and forcing them to make slower and wider left turns after the crosswalk so that both cyclists and pedestrians to their left are more visible to them. These changes might include: (1) installing bollards or more permanent barriers to separate the bike lane and the vehicle turning lane as far as possible before the turn, forcing drivers to make close to a 90-degree left turn, (2) extending the bike lane's green paint through the intersection, in the same way that a crosswalk extends the sidewalk to the other side of the street, and (3) installing pedestrian islands where possible and suitable; and

**THEREFORE BE IT FURTHER RESOLVED**, that Community Board 3 requests DOT return to provide the Community Board 3 Transportation, Public Safety, and Environment Committee with the findings of its mixing zone evaluation when it is completed.

4. Request for 22-foot loading zone for Sago Hotel, 120 Allen Street

**VOTE: TITLE: Resolution in Support of 22 Foot Hotel Loading/Unloading Zone at Sago Hotel, 120 Allen Street**

**WHEREAS**, Sago Hotel at 120 Allen Street has requested a 22 foot defined loading and unloading zone; and

**WHEREAS**, any hotel with less than 100 rooms must receive support from the community board for a loading zone; and

**WHEREAS**, the proposed length of the hotel loading zone is one vehicle space and it would be used to accommodate pick-up/drop-off activity for hotel guests and patrons at the building's entrance and would also provide space for daily deliveries; and

**WHEREAS**, the loading zone would have limited commercial impact because parking is not currently metered at 120 Allen Street; and

**WHEREAS**, Allen Street is very congested and the loading zone will increase safety and prevent double parking, which would adversely impact traffic and the bike lane on Allen Street; so

**THEREFORE BE IT RESOLVED**, Community Board 3 supports a loading and unloading zone of 22 feet for Sago Hotel at 120 Allen Street.

**Bus Stop Permit Applications**

8. Tribal Sun Bus Company LLC, 47-51 Chrystie St (btwn Canal St and Hester St) (click for info)

**VOTE: TITLE: Resolution In Support of a Curbside Bus Stop for Tribal Sun Bus Company at 45-51 Chrystie Street**

**WHEREAS**, Tribal Sun Bus Company LLC has applied for a designated bus stop for curb-side loading/unloading operations located at 45-51 Chrystie Street, on the west side of the street between Canal Street and Hester Street; and

**WHEREAS**, the buses will operate under the Tribal Sun Bus Company brand name, providing service between New York and Boston, Massachusetts with up to 5 arrivals/5 departures daily, the initial schedule for which would be arrivals at 2:00 pm, 4:00 pm, 6:15 pm, 9:00 pm, and 12:15 am; and departures at 10:00 am, 12:15 pm, 3:00 pm, 4:30 pm, and 7:30 pm; and

**WHEREAS**, Tribal Sun Bus Company would be the only permit at an existing bus stop that extends for about 100-foot of curb space, which is much longer than would be necessary because the Tribal Sun Bus Company would never have more than one bus loading/unloading at the stop; and

**WHEREAS**, in 2013, permits for this bus stop were issued for two separate bus companies, General Bus and Blue Sky Bus Tours, but both are no longer using the bus stop; and

**WHEREAS**, CB 3 resolutions passed in April 2013 and September 2013 explained serious concerns about designating a 100-foot long bus stop, because it eliminated a truck loading zone from 8:00 am to 7:00 pm, Monday to Saturday, on a block that has existing businesses that require loading and unloading, and three of these businesses appeared at the CB 3 meeting to present their concerns: Sun Da Apparel (a garment factory on the 2nd floor of 47-53 Chrystie Street), Hollywood Nail Supplies (a business at 51 Chrystie Street), and An Qing Corp (a restaurant supply business at 53 Chrystie Street); and

**WHEREAS**, the applicant has entered into an agreement with CB 3 to adhere to the following stipulations:

- A storefront will be provided for the use of customers, so they may wait to board their bus and use the restroom facilities.
- Tickets will be sold only online, or at a designated ticket agency not on the street.
- Tickets will be sold only for specific boarding times and will not be oversold.
- Tickets will be sold in assigned boarding order system so that customers will not need to arrive early to jockey for positions.
- Sidewalk lines will be single file, and only for the next assigned bus.
- There will be a staff person on duty for every arrival and departure to guide loading / unloading, to have direct contact to dispatch to inform passengers of delays, and to engage in crowd and noise control.
- Trash bags will be used to collect litter and will be kept in storefront, or will leave with the bus.
- Staff will routinely clean up the sidewalk by bus stop.
- Buses will keep to schedules, which will be published online or printed, as much as possible.
- The number of buses at this stop will not exceed the stated number of buses per hour/per day.
- All buses purchased in the future will be equipped with diesel particulate filters and use ultra-low sulfur fuels, and will also be equipped with exhaust gas recirculation emission control technology.
- All buses will keep to a route that enters Manhattan over the Williamsburg Bridge to Chrystie Street, and leaves up the Bowery to Delancey Street and the Williamsburg Bridge, unless bridge closures make this impossible; so

**THEREFORE BE IT RESOLVED**, that Community Board 3 recommends DOT issue a permit for Tribal Sun Bus Company LLC to operate their bus service at a designated curbside bus stop located at or near 45-51 Chrystie Street, provided that the preceding list of stipulations agreed to between the applicant and CB 3 will be attached to the DOT permit; and

**THEREFORE BE IT FURTHER RESOLVED**, that Community Board 3 requests DOT reduce the length of the existing designated stop, to accommodate only a single interstate bus at the curb, and return about half of the space to its pre-2013 use as a designated truck loading zone from 8:00 am to 7:00 pm, Monday to Saturday.

**WHEREAS**, the event will have a 12 foot by 36 foot stage; and

12. DOT presentation: Weekend Walks, Shared Streets and Seasonal Street Closures planned for Chinatown summer 2017

**VOTE: TITLE: Resolution in Support of Weekend Walks, Shared Streets, and Seasonal Street Closures planned for Chinatown in the Summer of 2017**

**WHEREAS**, at the May 2017 meeting of the Manhattan Community Board 3 Transportation, Public Safety, and Environment Committee, the New York City Department of Transportation presented a detailed program for a seasonal street closure and a series of Shared Street events on several streets in the historic core of Chinatown for the 2017 warm weather season; and

**WHEREAS**, the Chinatown BID is a partner with DOT for this program, and would provide programming for streets that would be partially or fully closed during these programs; and

**WHEREAS**, a full seasonal closure of Doyers Street is proposed to start on July 16th, 2017, pending completion of resurfacing through September 30, 2017. The southern-most 100 feet of Doyers Street would remain open, primarily for access to the Post Office; and

**WHEREAS**, under the regulations of a Street Activity Permit Office permitted event, the Chinatown BID would program the closed street by, for example, putting street furniture out during the daytime and other small scale activations; and

**WHEREAS**, three streets are being proposed for designation as a Shared Street on Friday evenings from 6:00 pm to 10:00 pm in July and August; specifically Mott Street from Canal Street to Chatham Square, Pell Street from the Bowery to Mott Street, and Mosco Street from Mott Street to Mulberry Street. A Shared Street is a roadway designed for slow travel speeds where pedestrians, cyclists, and motorists all share the right of way, and vehicles are advised to drive 5 MPH; and

**WHEREAS**, the Shared Street area will be designated by temporary signage, planters, and bike corrals, up to fifty percent of parking spaces will be retained during the event at locations designated in DOT's site plan, and local businesses that opt to participate in the events will activate the parking lane in front of their establishment with seating, merchandise or other activations; and

**WHEREAS**, all of the streets proposed for Seasonal Closure or Shared Streets are narrow with very narrow sidewalks, and, in effect, they already operate similar to how a designated Shared Street would operate, but without benefit of adequate planning; and

**WHEREAS**, the programming/closure of the Seasonal Closure or Shared Streets would take into account overall circulation, building access, emergency access, sanitation, deliveries, pick-up and drop-offs, and parking; and

**WHEREAS**, DOT and the Chinatown BID will provide promotion, signage, amenities, programming, sanitation, and a traffic network monitoring plan; so

**THEREFORE BE IT RESOLVED**, that Community Board 3 approves of the programming for both the seasonal closure of Doyers Street and the Friday evening Shared Streets operation of Mott Street, Pell Street and Mosco Street in the historic core of Chinatown during the summer of 2017.
