Candidate Name
1. Do you support the Small Business Jobs Survival Act? Though the bill has support from a majority of City Councilmembers, it has never been given a hearing, much less a vote. If you support it, what have you done or would you do to help get the bill a hearing and vote? If you don't support it, why not?
2. What other measures have you supported/would you support to help small businesses survive in our neighborhood? Would you support a special zoning district for certain areas that limits the size of stores and the number or placement of chain stores?

3. Many preservationists and New Yorkers feel that the Landmarks Preservation Commission has become increasingly lax in its regulation of historic districts and landmarked properties, in that it has allowed increasingly out-of-context changes to landmarked buildings and new construction within historic districts. Do you agree with this assessment, and if so, what have you done/would you do as Councilmember to help address this?
4. The Mayor has made clear that he is opposed to any rezoning of any area UNLESS it involves a very significant upzoning (increase in allowable size of development), EVEN if the proposed rezoning would introduce affordable housing incentives or requirements where none currently exist. What do you think of this? And if you are not in favor of the Mayor's position, what would you do/have you done as Councilmember about it?
