

**Here's what's coming
to our neighborhood...**

...and MORE is on the way!

The St. Denis Hotel at 11th & Broadway is slated to come down to make way for a huge, glassy office building. Why? Because the real estate industry has identified this part of Greenwich Village and the East Village as a new extension of the 'Midtown South' office district, and the tech industry's 'Silicon Alley.' The Mayor wants it that way, and has refused to provide the zoning or landmark protections we've been calling for, and that this neighborhood needs. And when the City Council, led by local Councilmember Carlina Rivera, had the chance to demand such protections as part of the deal for a "Tech Hub" rezoning on 14th Street, they refused to. **Now the "Tech Hub" and rezoning are increasing the pressure on this area, and more and more demolitions and out-of-place new construction are going to follow in its wake.**

Join us for a **DEMONSTRATION**
Saturday, September 29 at noon
in front of the St. Denis, 11th & B'way

**DEMAND CITY OFFICIALS
PROTECT OUR NEIGHBORHOOD –
it's NOT Midtown South or Silicon Alley!**
