

DON'T LET THE MAYOR AND DEVELOPERS TURN OUR NEIGHBORHOOD INTO THE NEW **SILICON ALLEY**

Multiple office buildings, hotels and high-rise condos are planned for this area, pushing out longtime residents and businesses, fueled in part by the expansion of the tech industry's "Silicon Alley" into this area. Mayor de Blasio and developers think this is a great idea, and want approvals for a new "Tech Hub" on 14th Street that will accelerate this trend, demolishing low-rise buildings like those at 11th & B'way and 3rd & St. Mark's for high-rise and office development.

**Join us for a rally to DEMAND zoning or landmark protections to
SAVE OUR NEIGHBORHOOD!**

**Wed., November 15 @ 5:30pm
3rd Avenue & St. Mark's Place**

Sponsored by the Greenwich Village Society for Historic Preservation, Cooper Square Committee, East Village Community Coalition, Lower East Side Preservation Initiative, Bowery Alliance of Neighbors (list in formation)
