

THE LO-DOWN

NEWS FROM THE LOWER EAST SIDE

(Sponsored) Union Square Tech Hub - Protect Our Neighborhood

Will Borough President Gale Brewer live up to her promises about a more community-friendly planning process in New York City, and include zoning protections for Greenwich Village and the East Village as a condition of any approvals she gives the Mayor's 14th Street Tech Hub plan?

Or will she allow the Tech Hub to accelerate the flood of high-rise luxury condo towers, oversized hotels, and boutique tech office buildings inundating the area adjacent to the proposed tech hub, between Union Square and Astor Place?

Call Borough President Gale Brewer at 212-669-8300

or email her at www.gvshp.org/brewer

Tell her “She MUST include zoning protections for Greenwich Village and the East Village as a condition for any approvals of the proposed 14th Street Tech Hub.”

Our neighborhood depends upon it!
