

Tell the City: We Don't Want **Our Neighborhood** **TRUMPED!**

*Donald Trump and partners want to build a 45-story “condo-hotel” at Spring & Varick Streets, the tallest building between Midtown and the Financial District. The good news: the building would violate zoning restrictions and therefore shouldn't be allowed. The bad news: **THE CITY MAY LET THEM GET AROUND THE ZONING AND BUILD IT ANYWAY.***
